

# Clone Catalogue Functionality

## Clone Catalogue Functionality

- This functionality has been introduced to enable you to quickly create variant of existing catalogs where all specifications except a few have the same values.**
- You can specify the catalog of which you need to make a variant, make changes in the required specifications and publish.**

### 1. GENERAL INFORMATION

Product Category\* Cricket Ball

Brand \* ⓘ --Select--

Auto Create Catalogue ⓘ COULDN'T FIND YOUR BRAND

Clone Catalogue Specifications ⓘ -- None --

Golden Parameters\* Please enter catalog id

#### DESCRIPTION

Ball Utility, Mass & Circumference \* --Select--

Pieces \* --Select--

#### COLOUR

Colour \* --Select--

Please enter the catalogue ID of the product you want to copy specifications from. The product should be from the same category. You can find the catalogue ID from the product page in the field having label 'Product ID'

Fill in the catalogue ID of an existing catalogue from the same category in the field.

This tool tip mentions how you can easily find the catalogue ID of existing catalogue.

### 1. GENERAL INFORMATION

Product Category\* Cricket Ball

Brand \* ⓘ --Select--

Auto Create Catalogue : ⓘ -- None --

Clone Catalogue Specifications: ⓘ 5116877-22424235345-cat

**Submit**

#### DESCRIPTION

Ball Utility , Mass & Circumference \* --Select--

Pieces \* --Select--

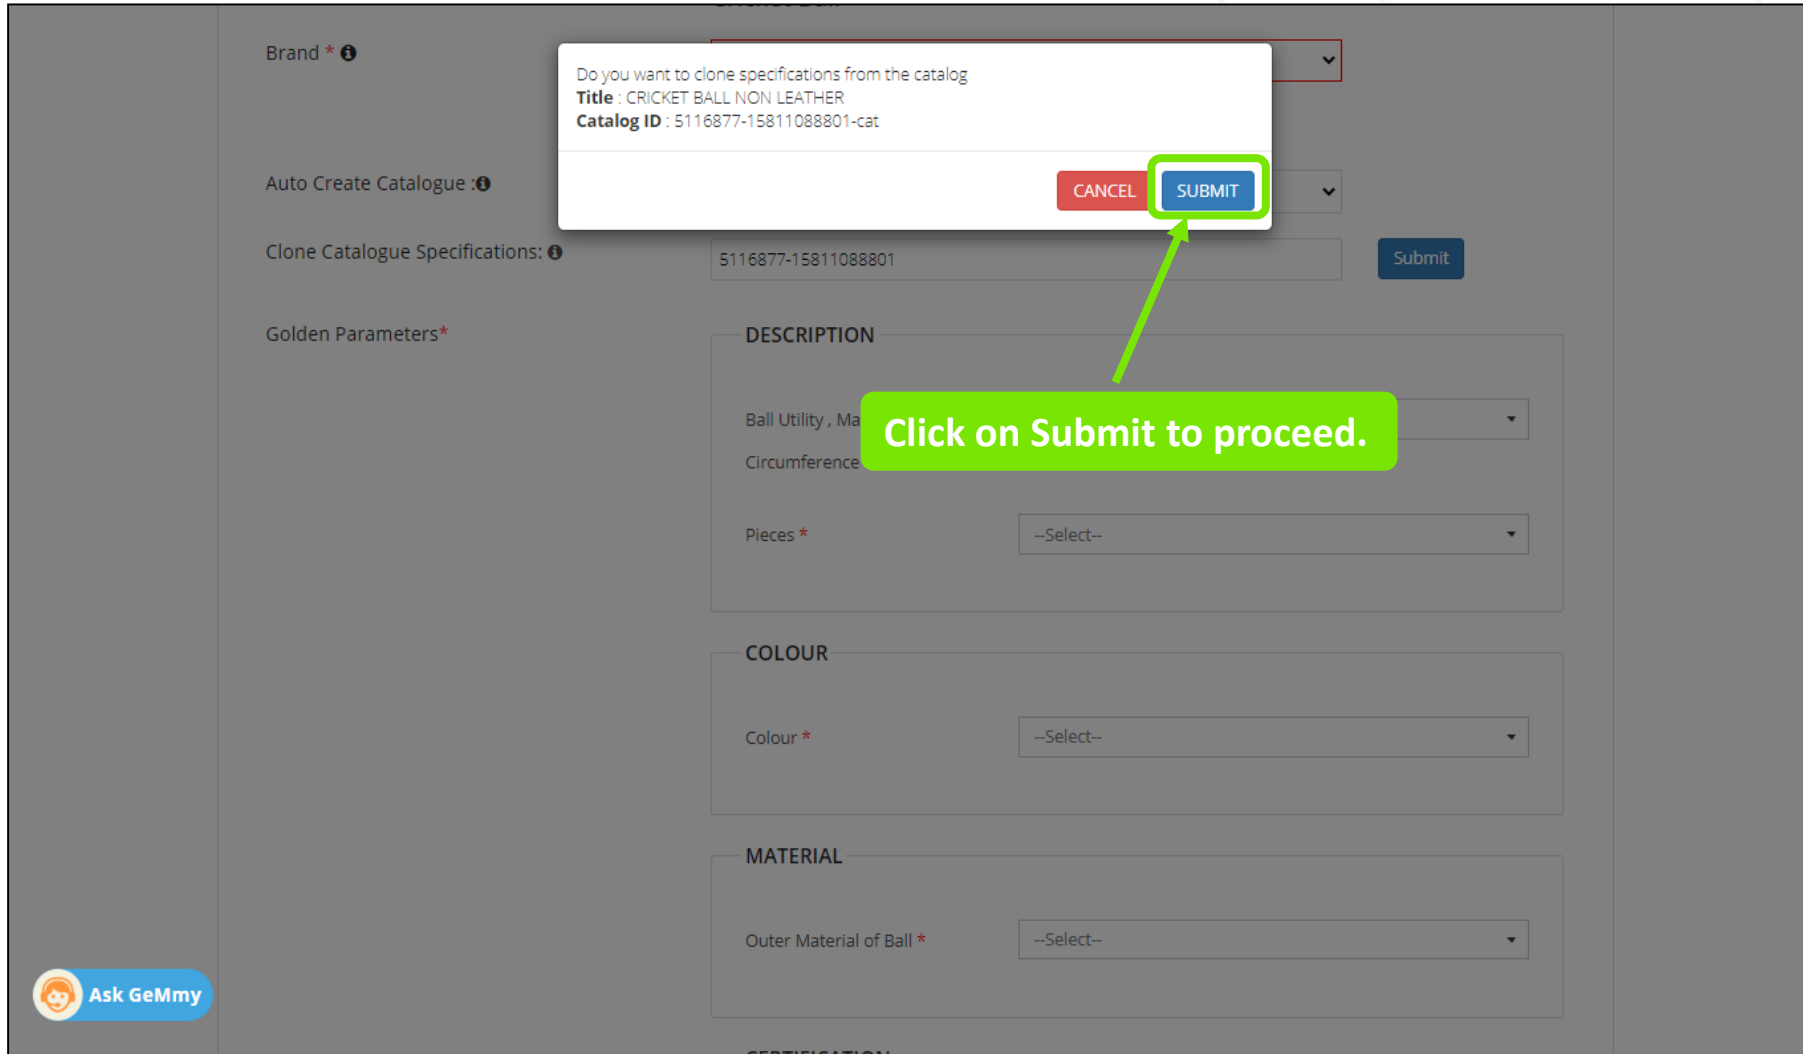

#### COLOUR

Colour \* --Select--

On clicking submit, all the specifications from the existing catalog will be copied to the new catalog (Golden and Non-Golden Parameters).

# A dialogue box prompting for your consent to Clone the specifications will Pop Up.

The screenshot displays a web interface for cloning specifications. A modal dialog box is centered on the screen, asking for confirmation to clone specifications from a catalog. The dialog contains the following text:

Do you want to clone specifications from the catalog  
**Title** : CRICKET BALL NON LEATHER  
**Catalog ID** : 5116877-15811088801-cat

Below the text are two buttons: a red "CANCEL" button and a blue "SUBMIT" button. The "SUBMIT" button is highlighted with a green border and a green arrow points to it from a green callout box that says "Click on Submit to proceed." The background interface is dimmed and shows fields for "Brand", "Auto Create Catalogue", "Clone Catalogue Specifications" (with the ID 5116877-15811088801), and "Golden Parameters" with sections for "DESCRIPTION", "COLOUR", and "MATERIAL".

Ask GeMmy

**Clone You can now proceed to add the stock details and make changes in the relevant specifications. Once done, you can publish the catalog.**

### 1. GENERAL INFORMATION

Product Category\* Cricket Ball

Brand \* ⓘ --Select--

COULDN'T FIND YOUR BRAND? [CLICK HERE TO ADD](#)

Auto Create Catalogue : ⓘ -- None --

Clone Catalogue Specifications: ⓘ 5116877-15811088801

Golden Parameters\*

#### DESCRIPTION

Ball Utility , Mass & Circumference \* Men's Cricket, 156 g to 163 g and 224 mm to 229 mm ×

Pieces \* 2 Piece ×

#### COLOUR

**Note : After cloning the specifications, you need to ensure that changes are made to at least one specification, or the system will not allow you to publish a duplicate catalog. If you need to sell an existing product, you should use the catalog Pair functionality instead.**
