

Resubmit/Notified Catalogue

Overview

- Catalogue is notified when there is any missing detail, document or there is any incorrect detail submitted by Seller while uploading the request.
- Once notified, Seller will have to re-upload the request along with the requested details and the request will again move back to "Waiting for Admin Clearance" status".

When a seller uploads a catalogue, it goes for admin clearance. This can be viewed under the “Waiting for Clearance” tab. You can also see the status here.
